Today the subject of mermaids has become popular in modern literature and art. Some of the world's greatest painters and sculptors have used mermaids in their renditions and mermaids feature in both children's and adult poetry and other writings. There are two wild symbols (expanding wilds): a man and a woman bearing the Olympic torch. This is a specific feature of this game. These symbols, when falling out on reels 2 and 4, cover the remaining position on that reel, completing any possible wins. Normally, they substitute for any other symbols except the Scatter. The Scatter symbol, Gold Wreaths, activates the free spins game (if there are three or more such symbols). During this feature all wins are doubled. Scatter wins are multiplied by total bet staked and added to payline wins. All bets and active lines are the same as during the game that activated the feature. The other symbols are gold, silver and bronze medals, different sportsmen and others. Each of them has own value. Other important symbols, if any: Full Moon Fortunes is replete with symbols. Some of the other important symbols, apart from the wild and the scatter symbols, are the full moon symbol, the paw symbol, the silver bullet symbol, the Dr. Blackwood symbol, the family crest, and the standard card symbols from 10 to Ace.
