That's all well and good for those that like to spin the reels, but what about lovers of table games who couldn't care less about the pokies? Well, the good news is that the online casinos understand that frustration, and sensing that there was a huge market for table games too, they created a progressive jackpot for a few of their table games. The change was brought about by the Productivity Commission's findings on the slots back in 2010. It was a way of reducing the harm that they believe is related to slots.
