Why are there so many horror movies released every month and why are there so many horror chambers in each and every amusement park? The answer is only one: because people like to get scared. We love that adrenaline rush and that amazing feeling of release when everything is over. And while the horror movies can sometimes be too creepy, with spooky-themed slot games you always have the perfect balance of fun and horror as no one wants to scare you so bad that you can't spin the reels. While the spooky slots are united by the common creepy atmosphere, there are many different characters these online casino games might be devoted to. While playing the slots you can easily fall into the vampire's trap, meet the group of not-so-friendly-looking zombies or try to escape the maniac's lair. In case that's too much for you, there are always spooky but funny slots with bright cute monsters and cheerful sounds. faro felt
